# **Great Saturday** at Eiseman's.

The immensity of the reductions in every department will make this the most important Saturday of the season to you.

The savings in men's suits, The savings in men's overcoats, The savings in childs' suits and overcoats, The savings in men's hats,

are really enormous because the reductions are actual reductions-not imaginary.

## 1/3 off Fancy Suits

-fancy worsted suits and fancy cheviot suits-both men's and youths', and this includes every suit of this sort in

## <sup>1</sup>/<sub>3</sub> off Heavy Overcoats.

Honestly, such a reduction as this couldn't be more opportune, for this is just the weather when a heavy overcoat is necessary. But, notwithstanding, every heavy-weight overcoat is offered tomorrow at one-third off.

### 13 off Childs' Suits & Overcoats.

We throw the entire stock before you in this offeringevery suit and every overcoat in the children's department will be offered at exactly one-third off marked priceswhich makes a most excellent opportunity for parents.

### Any \$2.00 Hat, \$1.69

-tomorrow. This not only means any of the fall and winte: hats, but several of the new spring blocks. Derbys and fedoras-in about every shade and black.

All these special bargains will make tomorrow a very

THE CANADIAN PARLIAMENT. A Large Number of Important Bills

OTTAWA, Ont., Jan. 26.- The fifth sewill begin February 1. There are only

ment of Rangers at Columbus for nearly a year. The Rangers have a difficult time in preserving order. They have prevented further bloodshed at Columbus oy keeping the feudists disarmed and apart.

When the Rangers first reached Columbus, several months ago, they found two factions to the number of several hundred preparing to renew the conflict. Capt. W. J. McDonald, who was in command of the Rangers, went boldly into one of the groups of feudists, and demanded that they surrender their guns to him. They refused at first, but when he threatened to place every one of them in jail, they complied with his request. He and other Rangers finally disarmed every man in the town, and peace was restored.

The case against H. O. Townsend, one of the members of the feud, charged with the killing of Sam Reece, was transferred to Bastrop on change of venue. It came up for trial about two weeks ago at Bastrop. Several hundred witnesses belonging to

senator Dandurand intends to ask the minister of justice to introduce as a government measure, his bill "to prohibit the charging of exorbitant rates of interest to borrowers," and if the minister of justice refuses he will introduce it himself. Cwing to the failure of La Banque Ville Marie and others, representative men from all parts of Canada have written to and all parts of Canada have written to and all parts of Canada have written to and the necessity of formulating a scheme f

### A CENTENARIAN DEAD.

sey Town Passes Away.

SUMMIT, N. J., Jan. 26.-Mrs. Phoebe Doty Hedges, Summit's oldest inhabitant lution, died at the home of her daughter, Mrs. Jeanette Morris, on Florida Avenue Wednesday. She was one hundred and or years and six months old. She spent all born, on July 27, 1798. She was the daughter of James Doty, of New Providence, a soldier in the war of the Revolution.

Mrs. Hedges was the last of the real laughters of the American Revolution livdaughters of the American Revolution IIving in New Jersey. More than a year ago
a gold bowl and a silver spoon were given
to her by the national society. She was
married in 1815 to Edward Hedges, of New
Mr. Gould, "I wish to say that I thought
at least that the gentlemen who have Providence, who died in 1874. Of their six children only Mrs. Morris remains at the age of seventy-six. Mrs. Hedges is also survived by a nephew, at Stanley, aged eighty-nine, years. Mrs. Hedges' grand-father, James Doty, lived in New Providence, near where she died. His ancestry has been traced back to Samuel Doty, who the facilities for storage make Heurich's the best health beverage in the United States. 'Phone 634, Arlington Bottling Co., for a case.

row at 2 o'clock. An Original Mind.

Physicians Testify as to Snell's Mental Condition.

The Belief Expressed That the Pris. oner Is Insane as the Result of Epilepsy-The Fracture of His Skull-A War of Words-The Strain

this morning before Judge Clabaugh. Neither the family of Lizzie Weisenbered his eyes and threw his head back

on which followed.

Mr. Turner then related all the sympoms of Snell's attacks as told on the witness stand on the preceding days, and after a clear and precise resume of the case in chronological sequence, the question was put to the witness, if, in his opinion, the defentdant was a same or an insane man, and whether, at the time of the murder of Livia Weisenberger, all the graymous der of Lizzie Weisenberger, all the circumthe of Lizzie Weisenberger, all the circumstances in the case having been taken it consideration, he was responsible.

"He was suffering from epileptic insanity, I should say, and was, of course, meane at the time," was the prompt re-

witness replied that such a man night perform the duties of life in a normal way except in cases of unusual excitement, when epileptic fits would probably result, during which period the sufferer would be an insane man.

pale.

The first case is that of Miss Mattie Oakley eighteen years old, who lived with her would be an insane man.

The witness said that he graduated from have been graduated next Thursday. She the Georgetown Medical School in 1884, and had given much attention to insanity, wars ago. since that time. He was examined as to his professional and institutional experi-ence in an endeavor to learn his knowledge of the mental discases. He had examined he defendant at the request of Mr. Turner, When the witness made the examination fr. Turner was present. "Did Snell know that you were there to

amine him on account of his trial."
"Yes, sir," replied the witness.
"What per centum of epileptics are poteed by injuries to the head?"
"About 2 per cent."

thickness of the skull, and so forth?"
The witness then went into a detailed explanation, as requested, the counsel for the Government endeavoring, by frequent interpositions, to show that the injuries to Snell could not have been so severe as to produce the epilepsy, owing to the space between the two walls of the skull, which acted as a protection to the brain. The questions were many and always toward the point that the pressure on the brain of Snell from the fracture could not have been positively known to the

Snell's gait on the occasion when the witness asked him to walk away from him was said to be indicative of the paralysis. and when Mr. Gould asked if his gait was not altered when the doctor was not look-

though a guard at the jail said that he thought he noticed a change."

The simulation of insanity was next taken up and the witness examined as to the general actions of a person under this the general actions of a person under this simulation. The witness said that a man who had for nine years performed difficult duties, and, then, after a lucid interval, had committed a great crime, following which mental stagnation resulted, would not necessarily be under the strain of episors. When asked by Mr. Gould if a relepsy. When asked by Mr. Gould if a re ent injury to the head of the defendant

Did I understand you to say that in-"Did you ever see a child who was born

insane:
"I have. It is very difficult to see indi-cations in infancy of the disease. Idiocy is considered by the authorities as a dis-

to his office on that 6th day of August and had performed his duties and gone home and gone to bed, whether the man was sane or insane at that time?"

"I regard that man as at all times dan

'Answer the question.' Do you regard

him as sane or insane?"
After a long pause the witness said: After a long pause the witness said:
"I cannot answer that question with justice to myself in any other way than by saying that if that man had been brought to me for medical opinion, I would have recommended his confinement for lunacy."
Mr. Turner objected to a leading question and said:

"Mr. Gould, has no foundation for this hypothetical question, and there has never been a witness on the stand whom Mr. Gould has not cross-examined incorrectly." Mr. Gould received a severe arraignment from the chief counsel for the defence, who said that the years of ex-perience at the bar precluded the idea that he could be in voluntary error, but that the questions were asked for the purpose of getting before the jury test-

made such a careful study of this case knew the rules of cross-examination of

experts."

The court asked for a citation, and Mr. Gould sent for and read from the 95d Iowa, p 608.

The court had now filled up, and the

The court had now hiled up, and the legal battle was listened to with the most careful attention. More women came in before the noon recess, and the waiting experts were the most carefully attentive of all the audience. Mr. Mitchell answered

Mr. Gould seemed to feel perfectly safe in his stand, the court finally ruled that the

witness might answer the question.

"If I should assume to you that on the morning when the defendant went to the house ne gree d the father in a pleasant way, and afterward went into the other room and killed the daughter, then following up the set he are her ways and by ing up the act by running away and threatening those who followed him, would that change your opinion of his sanity?"

"I should consider that a man under these circumstances was same. I do not believe that a man may be same for a considered siderable period, then become suddenly in-sane and commit a crime, and at once, or very soon after, regain his sanity. I do not wish to establish any such of infor." Dr. J. P. Burwell was the next witness. He had been in court several times be-fore as an expert in insanity. Considerable argument most his qualifications as an expert followed, the Government wishing Neither the family of Lizzie Weisenberger nor that of Snell was present when the roil call of the jury began. The mother and sister of the dead girl entered later. The defendant was brought in a moment later. He at once closed his eyes and threw his head back. closed his eyes and threw his head back as if very weary. His head was nervously moving from side to side, and there was a general air of nervousness about him that plainly showed that the strain of the trial the strain of the strain of the strain of the trial the strain of the strain of the trial the strain of t

plainly showed that the strain of the trial was beginning to tell upon him.

His wife came in at 10:08 and kissed him, seating herself by his side, while he leaned his head in his right hand, his elbow on the back of her chair, and apparently went to sleep.

Dr. Hicking was the first witness to go on the stand, and the examination bebegan by Mr. Anderson, stating to the court that the prosecution would leave the jury to judge of the weight of the question which followed.

Mr. Turner isked him the length of his experience.

The witness replied "about thirty years."

He is a member of a score of Ame fean and foreign medical societies, and has been before called as an expert witness. He made an examination of Snell on January 13. The man was, the witness testified, in a poor general physical condition, and had a fracture of the skull invading the outer and inner table. The testimony of this witness coincided with that of Dr. Hicking.

VISIONS OF THE DYING.
